

Interested in Offering Technology Certification?

Put your Students on the Pathway to a Thriving Tech Career

IT Specialist Certification

The Information Technology Specialist program is a way for students to validate entry level IT skills sought after by employers. The IT Specialist program is aimed at candidates who are considering or just beginning a path to a career in information technology. Students can certify their knowledge in a broad range of IT topics, including software development, database administration, networking and security, mobility and device management, and coding.

Help your students get on the pathway to a prosperous career by administering IT Specialist exams in your classroom.

The certifications offered within the IT Specialist program include:

- Artificial Intelligence
- Cloud Computing
- Computational Thinking
- Cybersecurity
- Data Analytics
- Databases
- Device Configuration and Management
- HTML and CSS
- HTML5 Application Development
- Java
- JavaScript
- Networking
- Network Security
- Python
- Software Development

Microsoft Certified Fundamentals Certification

The IT Specialist program leads to higher level technology certifications, like those included in the Microsoft Certified Fundamentals program.

The Microsoft Certified Fundamentals exams are the pathway to fully understanding what cloud computing is, what options are available from Microsoft, and which options make sense for businesses to invest in. This set of exams is for students who are exploring a career in artificial intelligence, data science, and cloud computing. With the usage of big data and artificial intelligence on the rise, the demand for data scientists is not being met—and the gap is widening.

Help your students get on the pathway to a prosperous career by administering Microsoft Certified Fundamentals exams in your classroom.

The certifications offered within the Fundamentals program include:

- Azure Fundamentals (AZ-900)
- Microsoft 365 Fundamentals (MS-900)
- Microsoft Azure AI Fundamentals (AI-900)
- Microsoft Azure Data Fundamentals (DP-900)
- Microsoft Power Platform Fundamentals (PL-900)
- Microsoft Dynamics 365 Fundamentals CRM (MB-910)
- Microsoft Dynamics 365 Fundamentals ERP (MB-920)
- Microsoft Security, Compliance, and Identity Fundamentals (SC-900)
